OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in... Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 300 miles of back roads a day logging timber out of the woods and delivering it to the mill at Cronan, Arkansas.

Harold B. Weston Named Mental Health Bell Ringer Chairman

Harold B. Weston, Bay St. Louis, has been named Mental Health Bell Ringer chairman for Hancock County, according to an announcement from the state fund-raising campaign chairman, William F. Winter. The Mississippi Association for Mental Health feels fortunate that Weston will lead Hancock County's drive for funds. District Chairman A. E. Spradley of Gulfport states that a \$60,000 goal has been set to meet the needs for mental health in Mississippi.

"Prospects for controlling mental illness in Mississippi are brighter," said Weston, "but we will need the help of every resident of Hancock County if we are to conquer mental illness."

"The Mississippi Association for Mental Health supports research to treat, cure, prevent mental illness," Weston continued. "The funds derived from the 1960 campaign will be used to help the more than 7,000 Mississippians who are now patients in Mississippi mental institutions and hospitals get on the road to good mental health sooner. A positive program of community rehabilitation will enable them to retain that degree of mental health upon their discharge from the hospital." May is Mental Health month and the Bell Ringer Campaign will be conducted in Hancock County in a three-phase effort—business and professional solicitation, volunteer bell ringers calling on homes in residential sections, and special events to raise funds for the mental health campaign.

Mr. Weston will select other outstanding business and civic leaders in the county to assist him in meeting the 1960 \$60,000 goal.

Words Of Caution Voiced By Jerome Drane

Words of caution were voiced today by Mr. Jerome H. Drane, District Manager of the Gulfport Social Security District Office. Misinformed people are advising self-employed persons with 10 years of Social Security coverage that there is no further need to make Social Security Reports.

This kind of advice is not only wrong, but it could result in benefit loss to the self-employed person and his family. He would not only be liable for payment of back taxes, penalty and interest, he would also reduce the dollar amount of his social security protection.

Ten years of work covered under social security will guarantee payment of monthly old-age and survivors insurance benefits. However, it may not qualify a person for disability benefits. The amount of any monthly social security benefit may be smaller if a person has only ten years of covered work.

Mr. Drane wished to emphasize that any self-employed person who had a \$400 net in 1959 must file a social security tax report along with his income tax report. Even though the 1959 deadline for these reports has passed the reports should be made now.

Fourth Annual National Senior Month To Be Observed

Older citizens of Mississippi may be your month for special attention.

Governor Ross Barnett has so decreed it.

Occasion is the fourth annual observance of Nationwide Senior Citizens Month, sponsored by the Senior Citizens of America. The organization is a non-profit, educational, philanthropic body, concerned with problems of older people.

During May, special attention will be focused on the increase in life expectancy of the nation's "senior citizens" and the obligation of society to include older people in the social, economic, and spiritual life of the community.

Specific purposes to be emphasized are:

1. To make use of the talents, education, experience, and wisdom of the older citizen.
2. To recognize outstanding services performed by senior citizens in the community, state and nation.
3. To give publicity to facts about population growth which is rapidly changing national habits and customs.
4. To emphasize the importance of beginning early in life to plan and prepare for the later years.
5. To discourage negative procedures that set up arbitrary ages limiting the privileges of older people and to encourage the growing tendency to maintain their usefulness in the community.
6. To spread information about services available in such fields as employment, recreation, housing, social security, and other benefits.
7. Locate and aid the "lost people" of the older generation who may be poorly housed, undernourished, ill and lonely.

Observance of Senior Citizens' Month is being directed by H. J. Massie, executive director, Mississippi Council on Aging, an allied organization to the Senior Citizens of America. Proclamations are being sent to mayors in the county seats, to boards of supervisors, and key groups in communities throughout the state, asking their cooperation in the observance.

The Mississippi Council on Aging is currently making a statewide survey of the needs of the state's aging population. Findings will be made available to interested groups and will be presented at the White House Conference on Aging, in January, 1961.

Ten Of 15 Traffic Deaths Were Drivers

Ten of 15 traffic deaths reported during the first two weeks of April were drivers.

According to Public Safety Commissioner Tom Scarborough, only three passengers riding in vehicles involved in accidents were killed during this period. Pedestrian deaths accounted for the remaining two fatalities.

The unusually high mortality rate involving drivers could be linked to several contributing factors. Chief among these is excessive speed.

According to the Highway Patrol, physical evidence at April wreck scenes shows severe vehicle damage, one indication of speed at point of impact. At least one wreck killing one person resulted when the driver, believed traveling at an unsafe speed, lost control of his vehicle, careened off a major highway, hitting a culvert. The driver was killed and a companion seriously injured.

The 15 deaths reported April 1-14 resulted from 12 separate accidents. Seven were injured in these collisions.

One accident involved the hit-run death of a three-year-old Meridian child, another the school bus death of an 11-year-old Lowndes County student.

Public Safety Commissioner Scarborough has issued an appeal for safer, more alert driving during the remaining days of April. Accidents can be curbed, he states, if drivers will only observe traffic laws to the letter.

SOYBEAN STORAGE HIGH

April stocks of soybeans were estimated at a record high. Larger stocks were expected since the State harvested the largest crop ever produced last year. Soybeans stored on farms totaled 2,077,000 bushels, 61 per cent above the 1,288,000 bushels held on farms April 1, 1959.

Miss. Association Mental Health Campaign Starts

The Mississippi Association for Mental Health's fund-raising campaign is in operation with headquarters at the National Association for Mental Health, 1100 Pennsylvania Ave., N.W., Washington, D.C. 20004. The campaign is a national effort to raise \$100,000 for the construction of a new mental hospital in the state. The campaign is being led by William F. Winter, state campaign chairman, who is a member of the Mississippi Bar and a prominent attorney in the state. The campaign is being conducted through a series of public relations efforts, including the use of radio, television, and newspapers. The campaign is expected to run through the end of the year.

The subject of the dramatic production, "Journey to the Day," is the story of the hospitalized mentally ill through the experience of six patients involved in group psychotherapy. The play is being produced at the Columbus (Ohio) State Hospital, and at the psychiatric division of St. Vincent's Hospital in New York.

"Cash McCall" To Be At A & O Theatre April 24, 25 And 26

Hollywood's new romantic team of James Garner and Natalie Wood is introduced to the Technicolor screen in Warner Bros. "Cash McCall" screening at the A & O Theatre, April 24, 25 and 26.

The love-making by-play of the couple unfolds against a seldom-exposed background of the fascinating world of big business and its associated fields of law and finance.

When Garner is not courting his leading lady he is busy as a 20th Century adventurer, a Tom Swift in modern raiment carrying on a fabulously successful buying and selling of companies behind a screen of anonymity.

The impressive cast, in addition to Garner and Miss Wood, includes Dean Jagger, Nina Foch, Otto Kruger, Henry Jones and E. G. Marshall.

Actress Scores Greatest Hit At Retirement Age

Teta Link, the heroine of Franz Werfel's popular novel, "Embezzled Heaven" was described by the late author as a "personality of rare uniqueness in our time." Perhaps, had the world-famous poet and novelist lived, he might have described similarly actress Annie Rosar, who, in her seventh year, has successfully transferred Teta from the printed page to the stage, television and finally the movies. The filmed "Embezzled Heaven" in which she stars, opens at the A & G Theatre on May 1, 2 and 3.

Vienna-born Miss Rosar is known throughout Europe as "Vokschau-spielerin," which translated means "Actress of the People." Some 300 stage roles in the theatres of Vienna, Munich and Berlin, and over 200 roles in the movies since 1919, attest to the importance of her life. American audiences can remember the actress in a character role, typical of many which won her such enormous popularity and acclaim, in Carol Reed's classic, "The Third Man," and, more recently, in the Mario Landi musical, "For the First Time."

The climactic scenes of "Embezzled Heaven" detail Teta's pilgrimage to Rome for the blessing of Pope Pius XII. The Vatican extended to the production unit, headed by director Marischka and photographer Bruno Mond, permission to film the required scenes showing Teta in attendance of the Pope during a rare Papal audience.

(For the record, this is the first time any Pope has appeared as an integral part of a feature-length dramatic movie).
